

MOTORCARAVANS & VANS

2025 SEASON

CI brand evolves with two important innovations and an optimised offer in terms of product positioning and target customer

HORON FIT

HORON FIT

Narrower and more agile, for customers who want manoeuvrability with all the advantages of a motorhome. HORON Fit offers the space of a motorhome in a vehicle only slightly bigger than a van.

For couples and small crews.

Perfect for who loves to travel without limits.

HORON

HORON

Confirmed as the range preferred by **families and large crews**, and the design is focused on these target customers.

Comfortable and versatile, HORON offers large stowage capacities and equipment.

Price appeal remains a distinctive feature of HORON range.

NEW (

MAGIS

MAGIS

Completely renovated.
The new MAGIS becomes the new CI Premium range.
It is characterized by elegance and performance, by picking up the legacy of Riviera and combining it with the comfort and proven features of Magis.

KYROS

KYROS

Two new layouts dedicated to sports enthusiasts and large crews who enjoy versatility and ease of movement.

- √ KYROS 6 XL
- ✓ KYROS 7 Vantastic

CI brand enthusiastically welcomes the arrival of a 'new entry', specially designed to meet the needs of couples or small crews, eager to explore every corner of the world without limits!

Short, compact and easy-to-drive low profile vehicles:

- ✓ 20 cm narrower than the standard range
- ✓ 10 cm lower than the standard range
- √ 4 type-approved travel seats
- ✓ Two berths always ready for use (elevating bed and/or optional dinette conversion)

NARROWER, LOWER, MORE COMPACT...

- ✓ Length from 5.99 m, 6.39 m and 6.69 m
- ✓ Exterior width 2.15 m, interior width 2.05 m
- ✓ Exterior height 2.85 m, interior height 2.04 m

Why

Short wheelbase chassis, so corners and parking will no longer be a problem.

LIGHTWEIGHT

Lightweight and aerodynamic even in new interiors, with new materials and details that make HORON FIT more competitive than ever.

COMPACTNESS

Compact, practical and light almost like a van, but with the same comfort as a motorhome

MUCH MORE THAN YOU THINK

More compact but as spacious as a standard vehicle.

With a 190 cm drop down bed, the space in the dinette is unchanged.

LESS CONSUMPTION

Significantly reduced fuel consumption with a lightweight and aerodynamic HORON FIT at a very competitive cost.

Whom — fit is dedicated to?

NEW MOTORHOME USERS

The new HORON FIT range is designed for newcomers to the motorhome world.

EXPERIENCED MOTORHOME USERS

For experienced motorhome users looking for more efficient solutions, this vehicle has been designed aiming to the best usability and comfort.

NEW VEHICLE

For customers who prefer something smaller and as manoeuvrable as a van but at the same time, do not want to give up the comforts of a motorhome

UPHOLSTERY

Why MAGIS?

TRAVELLING IN STYLE

Spacious and finely furnished interiors to enjoy unrivalled comfort even on long journeys.

COMPLETELY RENEWED

STYLE AND EQUIPMENT

High-quality materials and sophisticated styling offer a touch of elegance to every corner and get every trip to be an unforgettable experience.

ADVANCED TECHNOLOGY

The advanced technology built into Magis will provide an unprecedented travel experience.

From intelligent navigation systems that will guide you along the road to automation solutions that will simplify every aspect of your life on board.

Whom MAGIS is dedicated to?

For experienced motorhome users looking for more efficient solutions, greater efficiency, functionality and comfort.

The innovative Magis line has been carefully designed to welcome and attract newcomers, who are exploring the world of motorhoming for the first time.

This new evolution not only raises the level of comfort and functionality, but also radically but also changes the way you can experience and explore the world on the road.

Packed with innovations specifically designed to meet the needs of experienced motorhome users, this vehicle is the design result, in which every detail has been carefully thought out to bring you stress-free, no-renounce journeys.

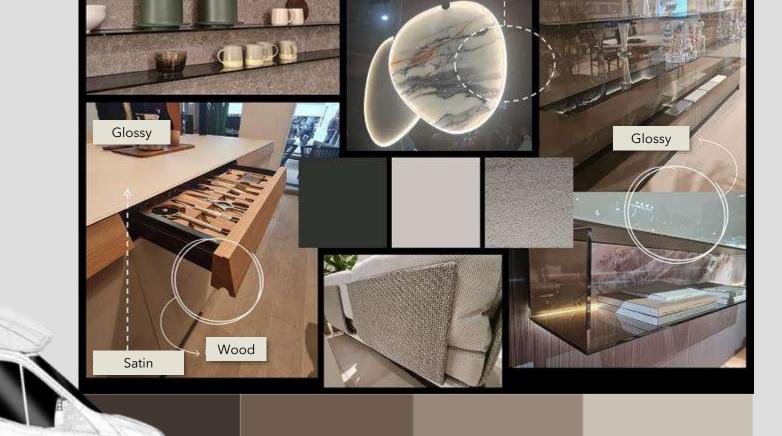

MOOD BOARD

Diffuse light

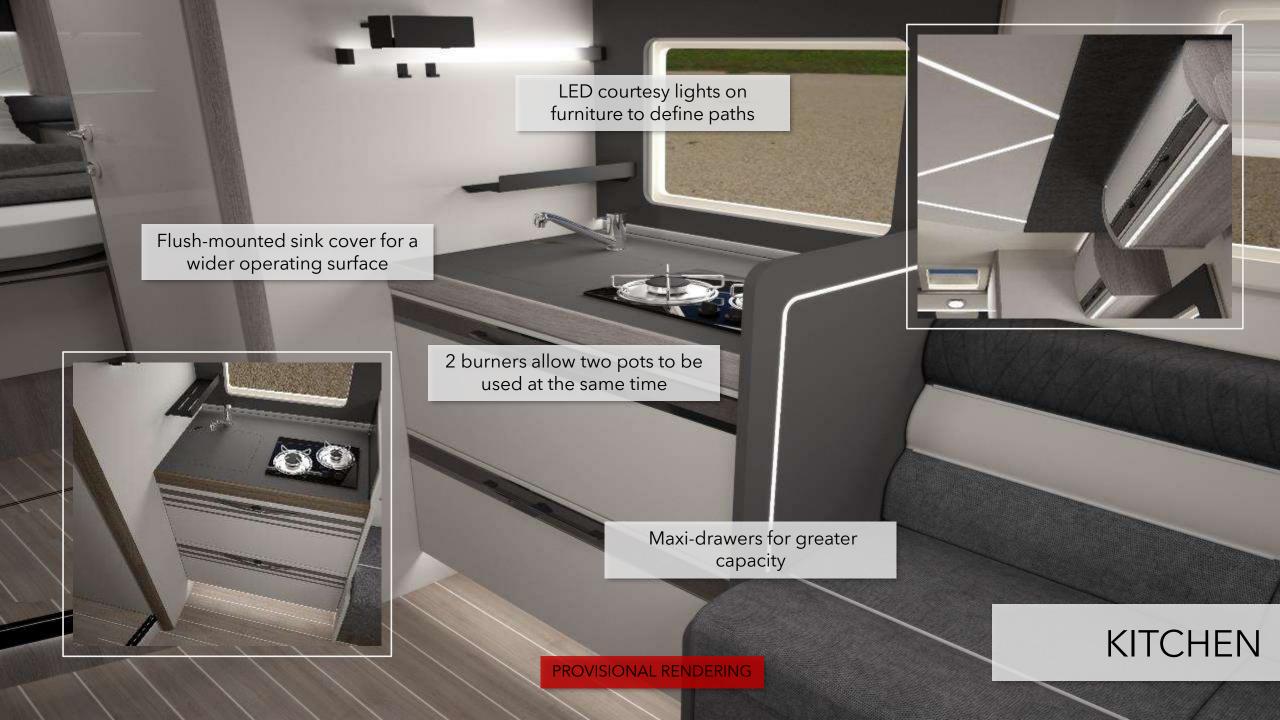

elegant atmosphere expressed through a minimal, fresh and contemporary design, characterised by clean lines and a precise selection of materials and premium details.

MAGIS

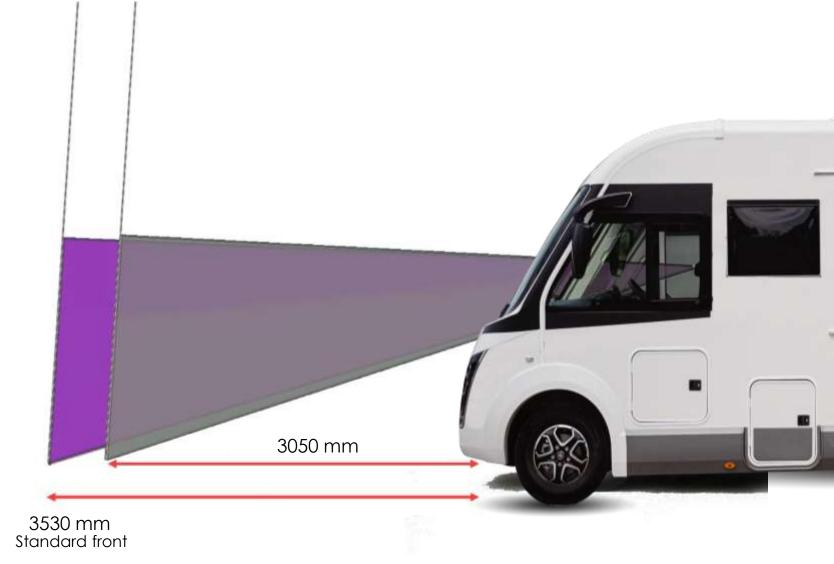

NEW FRONT

VISIBILITY FROM THE GROUND

The front of CI A-class allows excellent visibility up to the groung.

The obstacle is already visible about half a metre ahead* compared with the standard fronts.

*calculations estimated on a seated person and averagely 175 cm high

NEW FRONT A-CLASS

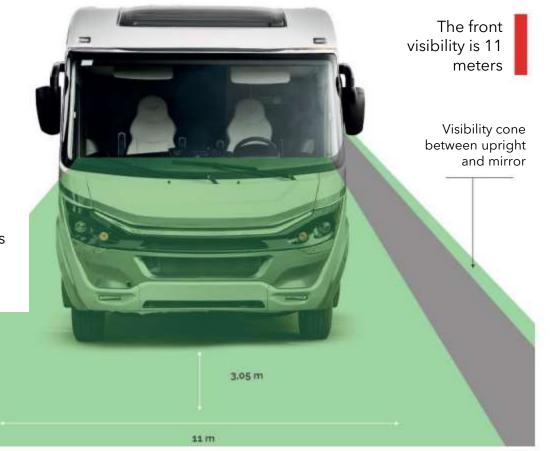

FRONT AND PASSENGER SIDE VISIBILITY

Travel security

«cone of visibility» between the upright and the mirror makes possible a better low visibility, driver side.

In this way pedestrians on the roadside (e.g. child with a dog) are more visible.

In grigio i coni diambra

Travel security

The visibility on the passenger side is also optimal because it allows a field of view ranging from 25 cm from the ground up to 185 cm.

This makes it easier to see road signs and/or perform right-hand turning manoeuvres.

SPECIAL MAGIS 82 XT

LOW PROFILE (with elevating bed)

- √ It comes in a Winter Special version
- ✓ ALDE heating
- ✓ Insulated step and heated floor as standard

Set off for perfect journeys even in the harshest climates!

NEW COMMON FEATURES 2025

NEW XL DOOR Premium

✓ Refreshed design and improved ergonomics.

Premium XL door OPT in all CI ranges

 ✓ Single step for maximum foot surface to facilitate getting in and out of the vehicle. (HORON FIT and Magis)

NEW AWNING THULE T5200

- ✓ spring-loaded arms ensure perfect tensioning of the awning fabrics and better wind resistance.
- ✓ Projection up to 2.50 m to increase covered space while protecting against sun and rain.
- ✓ Practical quick-closing system for easy positioning and adjustment of the support legs.
- ✓ The new cassette adjustment system of Thule ensures that the awning closes perfectly even after years of use.
- ✓ Front profile with drainage system to eliminate water and waste for easy cleaning.
- \checkmark A 12 V motor (optional) with switch can be installed for the electric drive of the awning.
- ✓ An optional bar is available to cover the space below the awning. The bar has two functions and you can choose to install a curtain or add an LED Strip.

5m AWNING ON A-CLASS

NEW SOLAR PANEL

✓ New 200 W solar panel with 166 cells

Current rigid solar panel: 120 W

- ✓ It will be combined with a **new control panel with MPPT logic** (Maximum Power Point Tracking)
- ✓ Intelligent system designed to extract the maximum possible energy from a photovoltaic system panel.

✓ MPPT controllers, unlike conventional controllers that operate with a fixed "ON/OFF" voltage, are sensitive to changes in solar irradiation and temperature. They regulate system voltage and current accordingly.

In this way, they optimise energy production and battery charging.

NOTES

- ✓ To comply with the new emission regulations in force, **165 hp** engines (with both manual and automatic transmissions) will be fitted **instead of** 170 hp engines.
- ✓ HEAVY chassis (4.1 t) which until now only existed with manual transmissions - will from next season **ONLY** be available with automatic transmissions.
- ✓ HEAVY DUTY chassis: available ONLY with **AUTOMATIC transmission**

The declared power will increase from 155 hp to **165 hp!**

Ford PACK - RULES

✓ PACK 1 MANDATORY FOR ACCESS TO PACK 2

> ✓ PACK 2 MANDATORY FOR ACCESS TO PACK 3

- ✓ PACK 2 MANDATORY FOR ACCESS TO PACK 4
- ✓ PACK 3 <u>NOT MANDATORY</u> TO ACCESS PACK 4

(they can still be selected together)

NEW STYLE FEATURES

CHASSIS COLOURS

Standard

* It can be chosen by purchasing Design Pack, which is only available after selecting Ford Pack and Selekt Pack.

NEW POWERTRAIN 2.2 ENGINE

- ✓ A completely new engine to optimise performance, fuel consumption, weight and emissions.
- ✓ Up to -5% fuel consumption compared to current engines
- ✓ New gearboxes for optimising fuel consumption
- ✓ New SCR system: technology for the best control of CO2 emissions

NEW CHASSIS FEATURES

- ✓ New Euro 6 engines
- ✓ New front bumper
- ✓ New front grill in matching body colour
- ✓ New rear-view mirrors
- ✓ Headlights with black frame
- ✓ Standard 4-Season Tyres

PRESENT ON MAGIS AND HORON (overcab only, not in catalogue)

NEW AUTOMATIC TRANSMISSION

TRANSMISSION IMPROVEMENTS compared with THE PHASE-OUT AT9 MODEL

- ✓ Friction clutches instead of gears for:
 - CO₂ emissions reduction,
 - faster shifting,
 - · transmission quality,
 - Control
- ✓ Hydraulic accumulator for higher efficiency, faster response and improved Start&Stop function

Focus:

✓ The range is expanded with two new layouts meant for specific target customers:

New layouts:

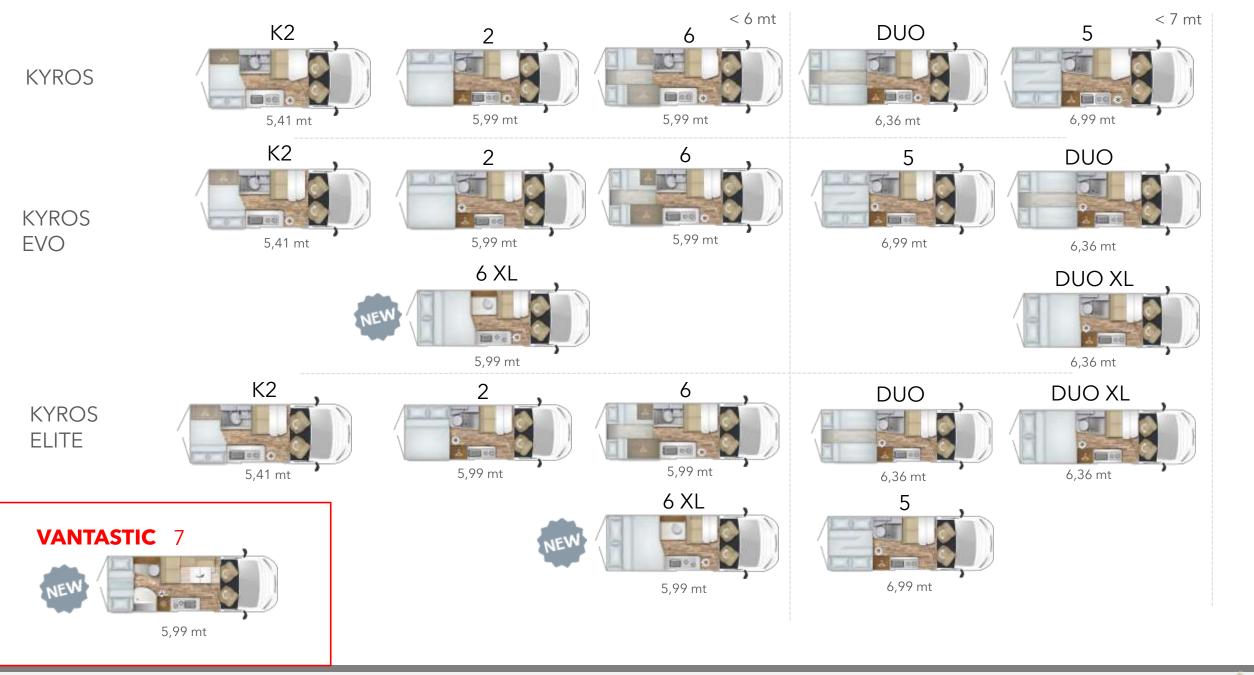

KYROS 6 XL - Evo KYROS 6 XL - Elite

KYROS 7 Vantastic Evo

- ✓ Including new FIAT chassis changes more standard equipment
- ✓ Engine changes:
 - 120 hp engine: only available on 5.99 m vehicles
 - 180 hp engine only available with automatic transmission
- ✓ Chassis 33t: no longer available

Ideal for large crews, it has five berths and a pop-up roof as standard.

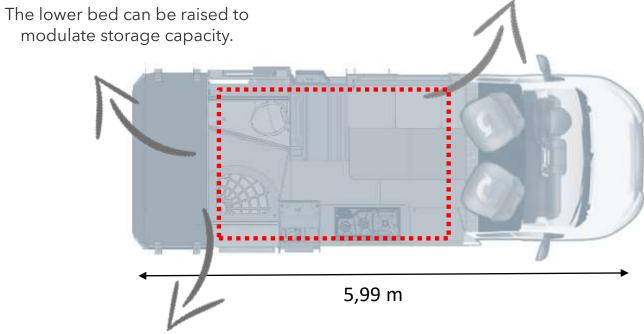

Why is it **UNIQUE?**

MAXI dinette.

5 type-approved seats!

Swivel seats integrating into the dinette. **3 seats for travelling.**

Removable twin bunk beds.

Separate toilet and **shower area**, equipped with double door now becomes **walk-through**.

Shower area with PVC shutter, sliding in perimeter rail, to protect the compartment from splashes.

DESIGNED FOR LARGE CREWS WITH

Standard height-adjustable bed

Ideal for: singles, couples, couples with young children

NOT ONLY - also ideal for groups of friends

5 type-approved seats

5+1 berths

Fresh water 85 (20) litres Grey water 90 l

Combi 4 Diesel

Fiat Ducato 120 hp

The arrangement of 5 type-approved seats/table makes it one of the vehicles with the largest dinette on the market.

KYROS 7 bathroom area: **2** possible uses

With two doors it becomes a <u>large walk-through bathroom</u> with all the comforts of a traditional bathroom.

Independent <u>bathroom</u> area, the **two areas shower and WC compartment** <u>separated</u> so it is also possible to use only the shower using the PVC shutter.

PRIVACYPossibility of splitting the rear from the front part of the van by means of a rigid

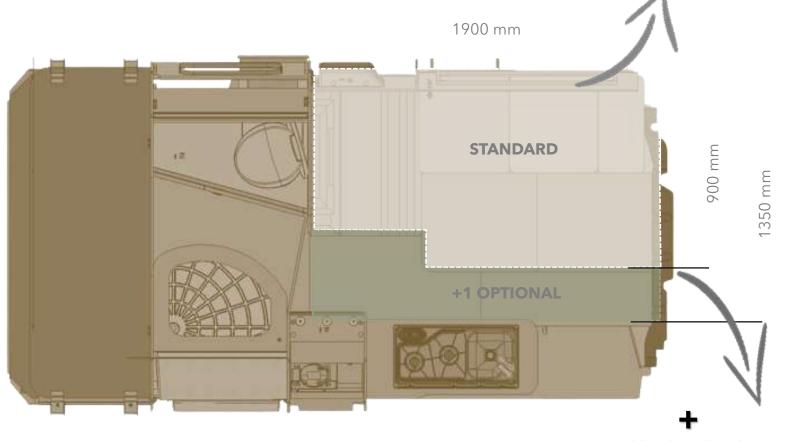

door

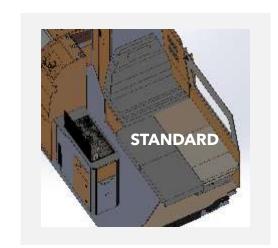

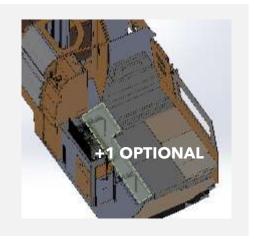

DINETTE CONFIGURATION

Standard bed 190x90 cm

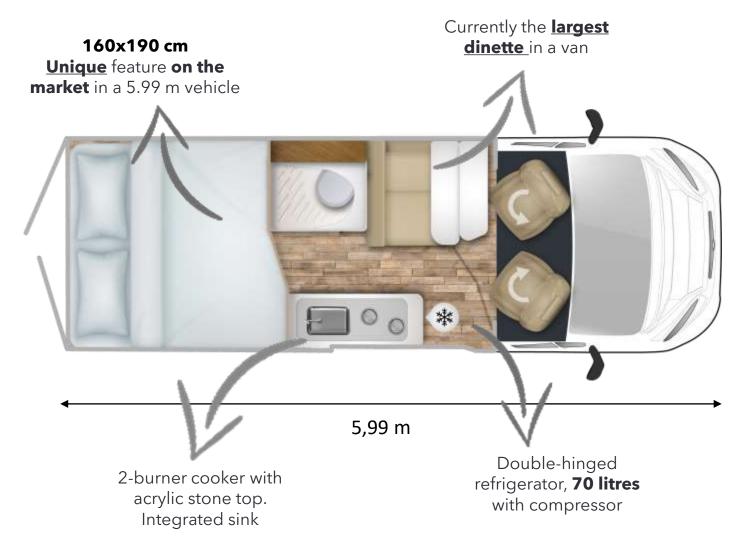

Why is it **SPECIAL?**

Ample storage space & Night comfort

Ideal for: singles, couples

4 type-approved seats

2 berths

Fresh water 85 (20) litres Grey water 90 l

• 4 kW Diesel

Fiat Ducato 120 hp

LARGE ELEVATING BED

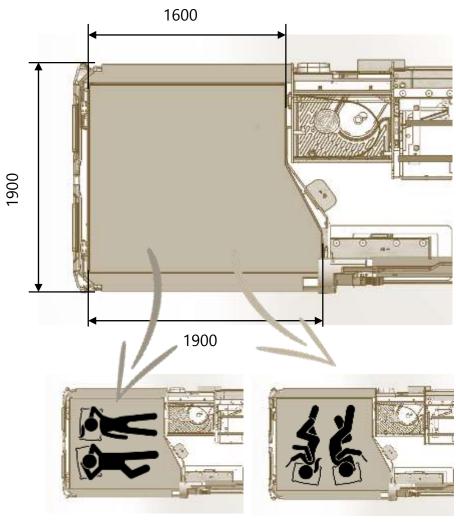

ELECTRIC MOVEMENT

THE ONLY ONE in the market

among the 5.99 m vehicles

190 (160) X 160 cm - 190 (160) x 190 cm raised - lowered

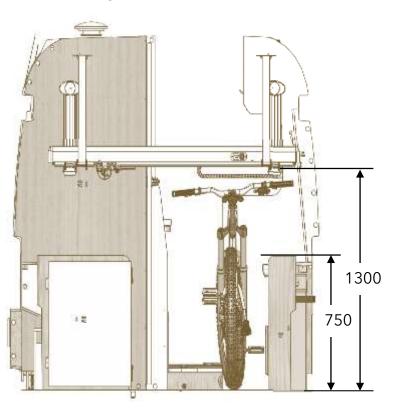

STORAGE AREA

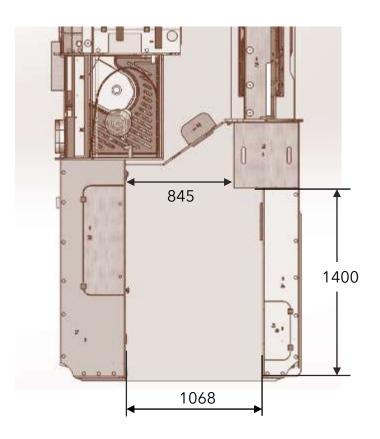

KYROS 6 XL ALLOWS EASY ACCESS TO THE GARAGE EVEN FROM OUTSIDE THE VEHICLE AND WITH THE BIKE STOWED!

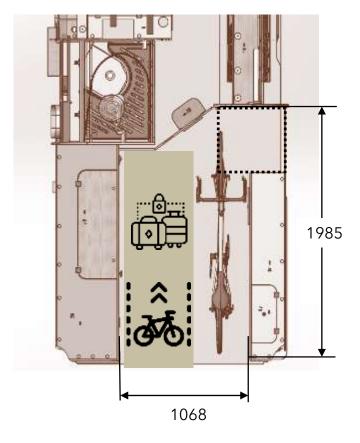

✓ The maximum height attainable with the elevating bed raised is 1300 mm and the minimum with the elevating bed lowered is 750 mm.

✓ Removable cabinet to modulate loading space

✓ Load your bike without removing the wheel and you still have storage.
